<b>Total</b>	<b>824</b>	<b>76,225</b>	<b>26,614</b>	<b>3,915</b>

- Notes:
1. This table reflects the total number of certificates issued, including diplomates known to be deceased and/or those whose certificates are no longer active.
  2. The first Psychiatry, Neurology, and Neuropsychiatry certificates were issued in 1935.
  3. The last Neuropsychiatry certificate was issued in 1959.
  4. The first Child Neurology Certificate was issued in 1968.
  5. The first 10-year, time-limited certificates were issued in October 1994. Certificates issued prior to that date were lifetime. Starting in 2012, all certificates are continuous contingent on meeting Continuing Certification (CC) requirements.
  6. The Psychiatry, Neurology, and Child Neurology counts reflect the total number of certificates issued from the Part I/Part II Examination format and the Certification Examination format. The first Psychiatry Certification examination was administered in 2011, and the first Neurology and Child Neurology Certification examinations were administered in 2008.
